Teaneck Creek Conservancy Announces Arbor Terrace Ecosystem Sponsorship for 2021
(Arbor Terrace supports the environmental work of neighboring park, Teaneck Creek.)

Teaneck, NJ July 2021, Arbor Terrace Teaneck, a senior living community that provides residents with a lifestyle focused on wellness and meaningful social connections, and Teaneck Creek Conservancy (TCC), a nonprofit organization dedicated to protecting and preserving the environmental, cultural and historical legacy of the Teaneck Creek watershed, announces Arbor Terrace Teaneck as the Teaneck Creek Conservancy 2021 Ecosystem Sponsor.

The 2021 Ecosystem Sponsorship consists of a generous \$1000 donation by Arbor Terrace Teaneck to the Teaneck Creek Conservancy to support and maintain over 200 newly planted native tree and shrub species at the Fycke Lane entrance of the park. This contribution will be used towards the purchase of new park maintenance supplies for Teaneck Creek's volunteers, known as the Weed Warriors, to care for the new plants and the habitat at TCC.

"We are so appreciative of the support of our closest neighbors at Arbor Terrace Teaneck!" says Alexa Fantacone, TCC Executive Director, "We love welcoming Arbor Terrace Teaneck residents and staff to our urban oasis, right in their backyard!"

"Our resident's and community are so lucky to have the Teaneck Creek Conservancy in their backyard. We are thrilled to help the TCC team continue to preserve and protect the Teaneck Creek watershed. Becoming an Ecosystem sponsor this year has been a highlight for our community" says Christina Brophy, senior care counselor for Arbor Terrace of Teaneck.

Teaneck Creek Conservancy has installed a new sign at the Arbor Terrace Entrance and presented the community with a plaque in gratitude for their generosity.

Teaneck Creek Conservancy is a non-profit organization dedicated to the reclamation and protection of the cultural, historical, and environmental legacy of the Teaneck Creek watershed. Since 2001 we have been working hard to transform a once-neglected dumpsite into a place of natural beauty. Visit our park complete with almost two miles of groomed trails, an Outdoor Classroom for learning, and beautiful artwork such as our Five Pipes Mural and a Peace Labyrinth for quiet reflection. Teaneck Creek Conservancy acts as stewards for this unique space, providing educational opportunities and passive recreational amenities to the surrounding community. www.teaneckcreek.org
